

STAINLESS STEEL ACCESSORIES

Cover plate for 2005+ Kenworth 39"/45" Battery Box

INSTALLATION INSTRUCTIONS

1. Place the battery box cover in place over the battery box centered using the wing-nut bolt holes as a reference. Mark the holes with a marker.
2. Remove battery box cover
3. Drill 3/16" holes into the original battery box cover where marked.
4. Remove protective plastic.
5. Use the #10 screws/washer/nut supplied to attach the plate to the battery box cover.
